

# Stop Thief!

THE "Jumbo" gas burner shown here at the right, (actual size) is a robber on any gas lighting fixture in Chicago. If you have one, get rid of it! It makes high gas bills and causes a great many of the complaints that come to us.

Claims that a "Jumbo" will give more light without using more gas are false.

This is the "Jumbo" Gas Burner

Use mantle burners to get more light with less gas. Burning five hours a day for a month, the "Jumbo" consumes \$2.30 worth of gas; a "Junior" mantle burner, in the same time, consumes only 39 cents worth, or \$1.91 less, and gives much more light.

This is the "JUNIOR MANTLE"

We sell "Junior Mantle" lights complete for only fifteen cents, (which is less than "Jumbos" usually cost) or give one free, in exchange for a "Jumbo," at our main office or any of these stores:

West Side 3643 Irving Park Blvd.  
2142 West Madison St. 408 West North Ave.  
1709 West 12th St. South Side  
1641 Milwaukee Ave. 731 West 63rd St.

### John Tyler's Career.

On March 29, 1790, John Tyler, tenth president of the United States, was born in Charles City county, Virginia. Tyler was inaugurated vice president in 1841 and in the April following he was inaugurated as president to fill the place of William Henry Harrison, who had died. He served as president until 1845. After the organization of the Confederacy Tyler was elected a member of the Confederate congress. He died at Richmond, January 18, 1862.

### Bactericides.

Most fruit juices, through their acids, were found in Japanese experiments to destroy the bacillus of typhoid and other bacteria; but sugars and starches, even in the strongest solutions, had no antiseptic effect. The strongest bactericide of the vegetable acids proved to be tannic acid, which was followed in order by citric, tartaric and malic. Imitation "lemons" prepared with various acids, especially with hydrochloric acid, had considerable bactericidal action.

A lake near Biggar, Saskatchewan, has been found to be saturated with sodium sulphate, and the deposits under the lake and alongside the edge to be nearly 97 per cent pure sulphate. The mineral is used extensively in the manufacture of sulphuric acid, in photography and other industrial purposes.

### Cleaning Wallpaper.

To clean and polish wallpaper, add two tablespoonfuls of ammonia to half a pailful of water, and wash the walls down with a flannel dipped in this. Take half a pailful of water and add two tablespoonfuls of turpentine. Wash the walls a second time with this and wipe as dry as possible.

### Good Rule for Life.

We are ruined, not by what we really want, but by what we think we do; therefore, never go ahead in search of your wants; for if they be real wants they will come in search of you. He that buys what he does not want, will soon want what he cannot buy.—Colton.

## KINKY HAIR

Don't let some fake hair remover fool you. You really can't straighten your hair until it's new and long. That's what EXELENTO QUININE POMADE does. removes Dandruff, feeds the roots of the hair, and makes it grow long, soft and silky. After using a few times you can tell the difference, and after a little while it will be so pretty and long that you can fix it up to suit you. If EXELENTO doesn't do us we claim, we will give your money back. 25c by mail on receipt of stamps or coin. AGENTS WANTED EVERYWHERE. Write for Particulars. EXELENTO MEDICINE CO., Atlanta, Ga.
